ZAD FOR EXPORT

About us :

is an Egyptian agricultural food exporting company experienced in providing high quality and hygienically safe fruits and vegetables to the international markets. The company holds ISO 9001, GLOBALG.A.Pcertificates, and GRASP which makes its products fully compatible with global food standards.

We offer a wide range of fruits and vegetables like; citrus, grapes, pomegranate, strawberry, mangos, onions, leaf veg. and fresh garlic harvested from our local farms that are located in the finest agricultural area in Egypt. is currently exporting to over 17 countries, with exports of 30,000 tons per season.

is an old company in the fresh produce field and considered one of the main factors in the fruits market in Egypt. We have our experienced team for more than 20 years, we have our own farms notonly but also we have contracted farms that help to fulfill our big volumes. supply fruits globally to Africa, Europe, Asia, Canada, Russia, Australia, America and Brazil. We have good partnerships with supermarkets, wholesale market and retailers.

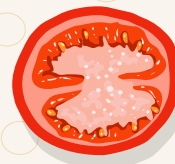

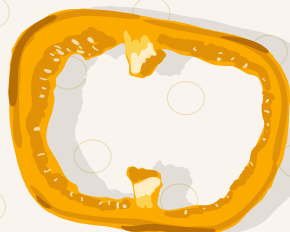

Our Farms :

By growing the best fruit roots and using only the highest quality seed sources and caring for the high quality of agricultural engineering applied by foreign consulting in all stages of land preparation, sapling, planting, irrigation, and harvest, which makes us keeping quality in our hands.

by 2030 our farms will increase by 3000 acres of several products.

Our Packing house :

Our Facility uses an electronic sizer (Global scan 6) which allows the selection of the fruits by their weight, diameter, color, shape, and external quality of the skin, for a production capacity of 70 t/h. The packing house also includes a large refrigerated storage area for fruit, which remains better conserved. By 2030 we will develop our cool rooms to contain 2000 tones, plus 7 pre-cooling rooms to optimize special protocols requirements and finalize the system traceability setup for our products

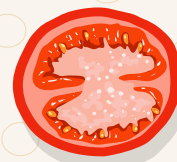

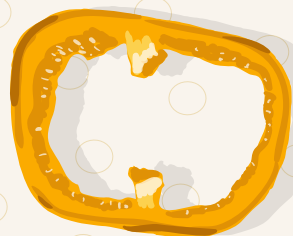

Our Mission :

We strive to maintain a long-term sustainable value for our consumers, employees, and society as a whole. We target long-term business development over short-term profits by providing high-quality products with exceptional value and first-class service. Customer satisfaction is the main concern for our professional team. We strive to maintain a maximum level of mutual trust by supplying the market with our finest quality products that exceed customers' expectations.

Our Vision :

Becoming an integral part of our growers' business through the provision of key services that are innovative, that influence the supply chain and markets, and ultimately enable us to deliver on its promise with passion and commitment.
